On the bluestone-paved terrace, the cocktail table, chairs, and sectional are all by Munder-Skiles, and the cushions are covered in a Perennials fabric. **FACING PAGE, FROM TOP:** In the breakfast area, the banquette and countertop are custom made, the dining table is antique, and the vintage light fixture is by Poul Henningsen. The original kitchen sink serves as a desk in a hallway, a 1930s chair is topped with a cushion from Barneys New York, and the lamp is by Knoll. See Resources.
